

Features of the program will be a trombone solo by Paul Young, a number for the brass ensemble, a bar solo by Oscar Palmer, and a novelty trio "Teddy Trombone" with Paul Young, Crawford Adkins and Murrell Elair.

Members of the band are in charge of the ticket sale. Admission is fifteen cents per person. Proceeds derived from the sale of tickets will be used in buying new materials for the organization.

THE TRAIL BLAZER

THESE TELEGRAPH OPERATORS

An old clemency wished to send off an appropriate telegram to a girl who was being married. He gave, in a telegram, a reference to John IV, 18 (First Epistle of John) and signed it. The words are: "There is no fear in love, but perfect love casts out fear." Nothing could be nicer. But the telegraph clerk left out the Roman 1, turning it into a reference to the Gospel of St. John. The bride received the telegram after the ceremony and borrowed a Bible, the promptly went into hysterics, as she read John IV, 18: "He whom thou knowest is not thy husband." (Modern Churchman).

BELLS! BELLS!

We have been asked to call to the attention of whom ever may be concerned the fact that the bells in the administration building and elsewhere have been ringing from five to ten minutes before or after the beginning of classes. In fact, the tenants of Thompson Hall insist that the bells even ring at night. The story is a second sleep last Sunday morning before daylight, and being becoming aware of the fact that it was the Sabbath, he was half-dressed. The solution to Dean Vaughan's problem of study students may lie in the bell situation.

Like a freshman, you can always tell a Ph. D. by you can't tell him much.

COLLECTIONS

Collector — Say, bean, I want to collect some back payments on your artistic furniture.

Head of the House — You're quarrel, I never bought any antique.

Collector — Well, maybe it wasn't antique when you bought it.

RISE TO FAME

Parade, like Edison, was the son of poor people. He had to fight for his education. He was apprenticed to a bookbinder and so had the chance to read many lectures by Sir Humphrey Davy, inventor of the miner's safety lamp. He made complete notes of the lectures and made careful drawings of all the apparatus used. At the end of the course he sent both notes and drawings to Sir Humphrey Davy requesting a position under him in the Royal Institution, of which Sir Davy was director. The request was granted and the prince of Nineteenth Century research was finally launched on his career. (St. Nicholas).

THEY'RE IN CHURCH, TOO

An evangelist who was conducting nightly services announced that on the following evening he would preach on the subject of "Iliads." He advised his hearers to read up on the thirteenth chapter of Mark, so as to be prepared for what he was going to say.

On the appointed night he rose and said: "I'm going to preach on the subject of 'Iliads.' I should like to know just how long the chapter I mentioned."

He didn't pay to spend money on elaborate decorations and fashionable orchestra to tempt the students to try their skill on the dance floor. Whereas only a dozen dance couples attend the regular College dances, several hundred turned out for square dancing every night this week.

SPRINGTIME MELODY

ALONG THE VISITING LINE

By Dean W. H. Vaughan

200 EXPECTED TO ENTER MOREHEAD AT MID-TERM

Preparations are nearly complete for the enrollment of the 200 or more students expected here for the mid-term session. All of the buildings are being filled to capacity, and most of the available rooms in the town have been reserved by teachers expecting to continue their college work here at Morehead this spring and summer.

The administration of the College is making plans to employ additional teachers to conduct the new classes.

NOBODY'S BUSINESS

By N. O. Boyd

(Editor's Note: Reverberations from last week's Nobody's Business are still chattering for some reason or other. It would seem that a few ill-informed persons have elected to lay the blame for the severe "caching," meted out to a few individuals, while the rest of the Faculty Reflector has an article by Mr. Judd on "The Disinhibition of College Students in Arithmetical Computations."

Several of the students said to me in the last few days that, so far, they have not had any tests in their work and do not know how they are getting along. I doubt if it is wise to let students drift too long before they find out just where they stand in their work.

There were 119 classes missed by students in the 23 teaching days in February. This is an average of 5 classes per day or an average of 2.7 absences per teacher. There were 1523 classes missed by pupils during the same month or 1.5 absences per pupil. Pupils were more regular in class attendance in February than teachers.

SPORTS FORUM

Admiral No. 40, Rear, old basketball season. This column was suppressed throughout its infancy on the abundance of material you supplied it and it is with a feeling of poignant regret and deplorable loneliness that we (the column and I) mark your passing. Of course, baseball, track, tennis, spring football and football team in the future as sources of material to supply the needs of this column but we feel that it will be difficult to wean it from its basketball diet.

All in all, this has been a rather successful year for the hard-worked basketball team. The Eagles had a fair season, winning seven and losing nine. They broke a jinx that has hanged them since their birth by humbling the Eastern Maroons early this year in basketball and then hoped almost on injury by eliminating the Maroon warriors from the K. I. A. C. tourney. Morehead defeated Alfred Holbrook and Transylvania during the season, split with Berea, Union, Louisville and Eastern and lost two games to Weesper and Georgetown. In the K. I. A. C. tourney they downed Eastern 20 to 26 and lost to Western, the champs, 4 to 12. The Blue and Gold Eagles, losing only two games this year. After a week started rapidly towards the latter part of the season and won their district tourney and were runner-up in the regional.

In its search for the championship the Maroons' sharp shooter forward, and Big Ed Edwards, scored honorably in all three games it was a burst of shooting that won the final round of the tourney. This is the second time Mr. Sterling has won a regional tourney, most at Morehead. In 1932 the Maroons' forward, Alford Holbrook, won the championship of the State the past two seasons, by 10 to 9 and went on to win the West.

In the semi-final game Mr. Sterling led a barrage of accurate shots from behind in the last quarter to down Powell County. He scored 171 points during the season.

MT. STERLING BEATS BRECK'S EAGLES IN TOURNAMENT FINAL

Sharpshooting Of Purple Guard

Inability to ring crisp shots cost the Breckinridge Eagles an opportunity to represent the 14th Region in the state tournament, as they lost a hard fought contest to the Trojans of Mt. Sterling 20 to 13 in the Regional finals, here, last Saturday. Controlling the tip-off most of the time and passing far more effectively than the Trojans, the Blue and Gold Eagles encumbered in the last half of Mt. Sterling's superior accuracy in off balance shots. Morehead advanced to the finals by downing a fighting Purple County team while Mt. Sterling turned back Berea 21 to 16 in the other semi-final.

In its search for the championship Mt. Sterling defeated Winchester and finally Breckinridge and in all three games it was a burst of shooting that won the final round of the tourney. This is the second time Mr. Sterling has won a regional tourney, most at Morehead. RESERVE BOOKS PUT ON FIRST FLOOR OF LIBRARY

Reserve books in the library were moved to the reserve book room on the first floor Wednesday. The move was necessary due to the large enrollment this semester and the corresponding increase in the number of reserve books used, according to Mrs. Alice Palmer Morris, librarian. The reserve room will be used only by those who are using reserve books. Reserve books will have to be signed for each hour.

STATE TOURNAMENT

(Continued From Page Three)

ped Central City, Calvert City remained undefeated, and St. Xavier, one of the tourney's favorites turned back a classy Benham quint.

Ben, winner of the 1936 Regional championship, signed past Central City in the final game of the night session to win 52 to 35. The game was close from the beginning to the final whistle with Ben overreaching an early Central City lead in the second quarter to win. By its triumph, Ben established itself as the darkest "dark horse" in the meet. Calvert City turned loose a crew of marksmen against Benham in the second game of the evening session and ruffled to a 44 to 26 triumph. The Calvert City lead had an uneasy eye for the basket and sank field goals from every angle.

St. Xavier, pre-tournament favorite, had to come through in the final game, overcame Benham, 22 to 16, in the opening game of the night session. Benham, champion of the '19th Region, had last but one game prior to today's tilt and the "Tigers" beat St. Xavier all that it could comfortably take care of.

Miss Clara Lane, after having finished her college work in February, had one week vacation and spent right into the Mt. Sterling school system, teaching kindergarten.

EASTERN DEBATES

(Continued From Page One)

Donald Nicholson of Eastern debated the affirmative side of the munitions question and Paul Holman and Howard Hadden debated the negative side for Morehead.

Judges for the decision debate were Professor William Bridges, debate coach of the Canmore High School; Professor Kenneth Harding, Mt. Sterling High School and Dr. G. H. Fern, pastor of the Morehead Christian Church.

Dr. Saul Houschell accompanied the Eastern team.

DR. TAYLOR ELECTED

(Continued From Page One)

He has always taken an active interest in sports, having served as president of the Mayville Hunt Club for a number of years. As a hobby he breeds middle horses on his extensive farm in Harrison County. Several of his horses have carried off blue ribbons at Kentucky horse shows.

He is also a member of the Mayville Rotary Club.

Louise Magard went to Ashland for the week-end.

J. Otto Borden, Nicholasville was a guest of the College last week.
